

TWIN CITIES METRO OVERLAY

MINNESOTA'S WORKFORCE INVENTORY

2012

The original intent was to provide Twin Cities metro funding totals and performance outcomes for each of the programs outlined in the statewide inventory. Because not all programs line up evenly across all geographic areas, it was difficult to provide accurate details for the nine-county metro region. Identified below are aggregates for each of the customer focus areas outlined in the inventory.

CUSTOMER FOCUS	YOUTH	PEOPLE WITH DISABILITIES	LOW-INCOME ADULTS	ADULTS
Annual Federal Funds 2010	\$ 57,000,000	\$ 95,000,000	\$ 36,900,000	\$ 42,900,000
